Door Collection

MODERN · CLASSIC

CUSTOM IRON DOORS, BUILT TO YOUR OPENING

SAN ANTONIO & SOUTH TEXAS

THE NOBLE STANDARD

Built to your opening, not to a catalog number.

Every design in this collection is a starting point. We measure your opening, draw the door to fit it, and build it in the finish you choose.

01
Made to measure

Sized to the opening you actually have, single or double, with or without arch.

02
One material

Door, frame and threshold in the same steel and the same finish, built to last.

03
Low-profile threshold

Just high enough to protect the floor and seal out the weather.

04
Delivered & installed

Set plumb, adjusted and tested by our crew, on the date we committed to.

IN THIS COLLECTION

Modern
Regent · Monarch · Citadel · Imperial · Crest

Classic
Toledo · Sevilla · Granada

MODERN COLLECTION

Clean lines, steel and light.

M01

Regent

Single door · Full-height glass

M02

Monarch

Double door · Divided-lite glass

M03

Citadel

Single door · Solid steel with glass slot

M04

Imperial

Single door · Five horizontal lites

MODERN COLLECTION · FEATURED

Crest

M05

Double door · Clear glass with chevron bars

The chevron is one of the oldest symbols in heraldry, carried on the crests of noble families. Here it becomes the structure of the door itself.

CLASSIC COLLECTION

Scrollwork, lattice and arch.

C02
Sevilla
Double door · Scrollwork

C01
Toledo
Arched single door · Scrollwork

C03
Granada
Double door · Diamond lattice
